## Part I, Line 2 - Procedures for Monitoring the Use of Grant Funds

CharityVision establishes partnerships with medical practitioners throughout the world. CharityVision provides these medical practitioners with medical supplies and equipment and cash grants in exchange for free medical care being performed by the medical practitioner. CharityVision regularly reviews the amount of free medical care being provided by a medical practitioner to ensure their continued access to medical supplies and equipment is merited.

## Part IV - Additional Information

The value of donated medical supplies and equipment is discounted from its fair market value since CharityVision International has no intention of selling the donated items and the medical practitioners have no means to purchase the goods at its fair market value.

While some grants are made to medical practitioners within the United States, these practitioners perform free medical services outside of the United States with the funds, supplies, and equipment provided by CharityVision International. As a result, we have reported the total expenditures in column F as well as on line 3 of part IX of Form 990 as representing both amounts sent to organizations within and outside of the United States.
